Oak Ridge Site Specific Advisory Board

April 20, 2001

Ms. Pat Halsey
DOE/Oak Ridge Operations
P.O. Box 2001 EM90
Oak Ridge, TN 37831

Endorsement of Revisions to the Draft *Public Involvement Plan for CERCLA Activities at the U.S. Department of Energy Oak Ridge Reservation (DOE/OR/01-1950&D0)*

Dear Ms. Halsey :

On behalf of the Oak Ridge Site Specific Advisory Board (ORSSAB), I want to thank you for your timely response to our July 2000 request for revision of the DOE/ORO Public Involvement Plan. We particularly appreciate that members of the ORSSAB, the Citizens' Advisory Panel of the Local Oversight Committee, and the City of Oak Ridge Environmental Quality Advisory Board were invited to participate in drafting the document.

At our April 11 Board meeting, the ORSSAB voted to endorse the revisions to the DOE draft document. This revised draft provides a useful introduction to public involvement in CERCLA activities on the Oak Ridge Reservation. The Board trusts that these revisions will be incorporated into the final document without substantive changes.

Sincerely,

A handwritten signature in cursive script that reads "Luther V. Gibson, Jr.".

Luther V. Gibson, Jr.
