Dear Mr. Donham:

RECOMMENDATION REGARDING SEDIMENT CONTROL PROJECT

On August 3, 2001, the Department of Energy (DOE) received the Citizen Advisory Board's (CAB) recommendation dated July 19, 2001, regarding the sediment control project. Thank you for your input. We are in the process of evaluating the recommendation and have scheduled a meeting with the regulators on August 23, 2001.

DOE will brief the Board on the outcome of that meeting at the September 20, 2001, CAB meeting.

Sincerely,
