## Consensus Recommendation: 03-02

### Title: Request for Draft Site Management Plan Dispute Resolution Proposal

#### Background:

The Site Management Plan for the Paducah Gaseous Diffusion Plant (PGDP) has been in the dispute resolution process among the Department of Energy, the U.S. Environmental Protection Agency, and the Commonwealth of Kentucky since May 2001. At the March 20, 2003, PGDP Citizens Advisory Board (CAB) meeting, the Commonwealth of Kentucky reported that the Department of Energy had submitted a draft proposal to them relating to the PGDP Site Management Plan Dispute Resolution.

#### Concern:

The CAB is concerned that the draft proposal is under consideration without any input from the public sector.

#### Recommendation:

**The Board requests a copy of the draft proposal related to the PGDP Site Management Plan Dispute Resolution. The Board specifically requests that the draft proposal be provided in a timely manner in order to facilitate public involvement before the plan is finalized.**

Approved by Consensus March 20, 2003
